Arrival of the Enterprise.

LATER FROM THE SEAT OF WAR.

St. Louis Dates to September 17th.

The U. S. mail steamer Enterprise, Capt. Curry, arrived from Olympia and way ports at 6 o'clock yesterday morning. She brings a pony dispatch of the 17th ult.

KANSAS, Mo., Sept. 17.

Considerable excitement was created here on Saturday, 14th inst., by appearances of rebel scouts on the opposite bank of the river. A company of 20 mounted men were sent over from here, who discovered a rebel camp of 200 to 300 men six miles from the river. An additional force was detailed in the afternoon of the 15th, who killed several rebels and took several prisoners, with numbers of horses, and destroyed their barracks. Only one Federal wounded.

Yesterday, a large force of rebels, supposed to be a part of the band recently encamped at St. Joseph, appeared four miles below, on the opposite side of the river, and attempted to cross the river on flat-boats, sending part of their force to attract the attention of the Federals by firing into the City of Wyandotte. They were repulsed and their boats sunk.

OUTER STATION, (187 miles west of Ft. Laramie) September 18th.

The rebels in Kentucky have seized the banks of Bowling Green, Ky., and appropriated the money.

It is rumored in Washington that a gross fraud has been discovered.

All is quiet on the Potomac.

The Ca[illegible] Gazette has the following proclamation from Her Majesty the Queen as follows: I have declared under date of August all vessels occupied in legitimate commerce, proceeding from ports in the Confederate States shall be entered and cleared under the Confederate flag, and shall be duly protected by the authorities of the Island. Foreign consuls are notified that no interference on their part will be tolerated.

Cotton has taken a second growth in the vicinity of Monticello, Arks., and there was considerable damage in consequence.

Advices from Richmond say that tobacco has suffered from the same cause.

$85,000 was subscribed to the national loan at Troy, N. Y., on 13th.

Steamship Champion from Aspinwall, 5th, has arrived at N. Y.

Advices from Clarksburg, Va., state that the rebels command an advanced picket towards Elkwater summit and succeeded in surrounding the fort on the summit, and cut the wires. They continued to advance on Elkwater until within two miles of our troops, when a shell from a battery dispersed them. Skirmishing was kept up all night. Next morning two regiments were sent out to the summit. The rebels retreated in confusion.

Two rebel officers spying around the camp at Elkwater were surprised and shot by our pickets. The body of one taken to the camp proves to be Colonel John A. Washington, of Mount Vernon.

The President and Secretary of State have been in receipt of petitions from New York and Philadelphia calling for the expulsion of W. H. Russel of the London *Times*, on the ground that he is a public enemy and should not be tolerated at this crisis. Prince Laidsalen of Prussia had arrived at Washington. He at once tendered his services to the Government; they were accepted.

On the 14th, the enemy in strong force of infantry, artillery and cavalry appeared in front of Union pickets on the centre and right wing of our forces on the Virginia side of the Potomac. They made their first demonstration on the road leading from Falls Church to Bull's Cross roads, driving in our pickets. Heavy bodiers of skirmishers and scouts immediately followed, planting a heavy section of artillery near Merry Hall House. From this they directed grape and cannister shot on the Union pickets, directing their fire along the road. The Union pickets rallied without confusion. Intelligence was immediately sent to Gen. McDowell at Arlington House.

After demonstrations on our pickets near Bull's Cross Roads, the rebels paid their respects at several places to the right of our works, near the Chain Bridge, and made an assault on Vandenburg's house.

Two miles from Union camp, where we had pickets stationed, they fired eighteen or twenty shots, doing no damage.

Soon after a body of cavalry and infantry appeared, when our pickets (26 men) retreated to a house eight miles distant, where they were shortly after reinforced with a battery of artillery and a company of infantry and cavalry. They took position and awaited the appearance of the enemy.

The steamer Columbia arrived at New York on the 14th with dates from Havana to the 10th.

Vessels under the rebel flag were admitted to ports in Cuba, to discharge and receive cargoes, under the same privileges as vessels of all civilized nations, without recognition of nationality.

A balloon reconnoisance at Washington showed that the body of rebels which advanced the night before were falling back on Manassas. The general belief is that they intend giving battle somewhere on our lines within 48 hours.

A naval officer from Fortress Monroe says an attack is expected of Newport News immediately.

Several war vessels have gone there to assist in defence.

St. Joseph is now in possession of Federal troops.

SALT LAKE CITY, Sept. 21.

It is generally believed here that the mail is stopped for the present, and there is a great anxiety about our eastern exchanges.

HOLLOWAY'S OINTMENT AND PILLS.—*Scrofula, Glandular Swellings, Sore Throat.*—The first two are generally constitutional ailments, the last results from accidental causes; both, fortunately, yield with equal facility to the purifying principle contained in Holloway's medicaments. The first action of this admirable Ointment is upon the absorbents and glands, both of which are cleansed, soothed, and regulated by its corrective power. It only requires to be well rubbed into the parts affected three times a day, after due fomentation with moderately warm water. After the friction, flannel should be passed round the disordered parts to secure the open pores against cold or sudden vicissitudes of temperature. In scrofula and glandular diseases, Holloway's Pills should be taken while using his Ointment.

The Great Domestic Revolution.

HOWDER for Washing without Rubbing has created an entire change and thoroughly revolution in the management of the "Family Wash;" and there are no reasons why the old, slovenly and disgusting process should be retained—a process so unnecessary, unscientific, and barbarous as to be considered a great national disgrace! Harper Twelvetrees' Soap Powder saves time, trouble, money, firing, soap, "tongue and temper," and entirely abolishes the "female slavery" of the tub and the present destructive and unhappiness destroying practice of washing. It contains nothing injurious, but is as safe for the fabric and skin as the best soap! Only boil the clothes 20 minutes and hang them up to dry. No RUBBING is required, however dirty the clothes! A Penny Packet is equal to Two Pounds of Soap!

Every Packet bears the signature of the sole Manufacturer, HARPER TWELVETREES, "The Works," Bromley-by-Bow, London, E., the largest Manufacturer of Washing Powder in the world. Sold by all Grocers and Druggists

Saturday Morning, Oct. 5, 1861.

News from the States.

The news from the States is meagre. Nothing important had occurred. In northwest Missouri and in Virginia, a few skirmishes had taken place between pickets; but with no better results than burning gunpowder and throwing away lead. The threatened attack on Washington had not been made yet by the Confederates; and if the withdrawal of the Secessionist forces to Manassas, from their close proximity to the Federal lines, be not a feint, an attack is not likely to be made. Still an impression had gained currency that an attack would be made about the 20th September. The movements of the Confederate troops in the vicinity of Washington, were in all probability intended as a feint to occupy the Federal generals whilst an attack is made elsewhere.

The most interesting item of news is the proclamation of the Queen of Spain, issued by the Captain-General of Cuba. It declares the right of vessels under the Confederate flag to enter the Cuban ports, unmolested by foreign Consuls. This is a step farther than France and England have yet gone. They allow Confederate privateers to enter their ports for one day only. Possibly Spain may be under the impression that the Confederates will be successful, and in order to make them friendly allies this step has been taken; and also to ward off a blow for the acquisition of Cuba. Spain evidently foresees that if the Union be reconstructed, that the "Jewel of the Antilles" will be in danger, whereas a division of the States would give her a longer lease of Cuba. Consequently her sympathies, like other European nations, will go with her interests.

Nanaimo.

We have several times alluded to the necessity of a road to Nanaimo, and the great advantage it would be to that place. We hope its inhabitants will take up the question in earnest, and force the Legislature to do something for them. Besides, a formal protest ought to be framed against the continuance of a stipendiary magistrate there. Order can just as well be preserved there by the appointment of one or more non-stipendiary magistrates as in much larger communities. The money thus saved would go towards the construction of a road to connect Nanaimo with Victoria. The miners who own land would soon realise the advantages of a road in the enhanced value of property, through the studied neglect of their representative and the party with whom he has acted in the Assembly. Nanaimo is no longer a rotten-borough with only a proxy vote cast by the agent of the Company. It is hoped, therefore, that the independent electors will make their voices heard, not only to get rid of their useless representative, but to put a thoroughly independent member in his place. Except they do so, the taxes collected in their district will be squandered on Government pets to the manifest injury of the substantial and permanent interests of the place.

Telegraph Across the Plains.

Late accounts show that the Pacific or Overland Telegraph Company are pushing on rapidly their telegraph line across the plains to California. Already it is completed many miles to the westward of Fort Kearney. From the latter point to Julesburg, dispatches are sent by pony; but for 250 miles from Julesburg towards Salt Lake City the line is completed, and is now in operation. The completion of this part of the line affords two days later news to the Pacific States. It is not improbable that the line from St. Joseph's on the Missouri river to Salt Lake City will be finished this year. If so, one thousand miles will be done, and with the extension of the telegraph line from California through Nevada Territory towards Utah, not more than four or six hundred miles will remain to be completed in another year. When the whole is done, a line nearly 2000 miles in length will unite San Francisco with western Missouri.

CALIFORNIA.

Dates are to the 28th ult.

On Sunday, the 23d ult., a great crowd gathered about Dr. Scott's Church during the morning service, with an evident intent to take the Doctor to task for his Secession sentiments. The crowd began to gather at midnight on Saturday, and kept around there until noon the next day. On Sunday morning there was a Union flag displayed from the roof of the church; from both lamppost there were also Union flags:

On the northeast corner of Donahue's new building, obliquely opposite the church, an effigy was dangling by the neck from an upper window. It was labelled:

"Dr. Scott, the reverend traitor."

At 6¼ A. M., officers Horton and Minson of the police reached the spot and proceeded at once to cut down and lug the effigy away. The crowd looked on without much concern. They made no demonstration toward preventing its removal, but their numbers were constantly increasing, and by 8 o'clock there could not have been less than 1,000 people in the vicinity—all quietly talking with each other, but manifesting not the slightest excitement.

A curious incident occurred about an hour later. A respectable woman who lives on Bush street, near Dupont, went down to the butcher's on the corner to get the meat for her dinner. She asked the butcher what the big crowd meant down the street. "Why," said he, "they're going to hang Dr. Scott, and I have a great mind to shut up and go down and take a hand in the job." The woman had a large market basket in her hand. She thought a moment, then said, "I'll have a hand in it, too,"—at the same moment dashing her empty market-basket, with all her force, in the butcher's face. She had no bonnet on, slippers were on her feet, and she wore a morning-gown. She made good time down the street—from a swift walk she broke into a run, and she came down the north sidewalk to the church on a full trot. She tried the upper gate but that was locked. She tried the lower, found it unlocked, entered, and ascended to the lamp post where the $25 flag was waving. She rolled it up so that it would not tear, and in a trice it was her's. She wrapped it carefully around the staff, and had retreated with it to the basement archway before the crowd had waked to what she was doing. Then she came back and faced the people. Some of them told her they would have her arrested. Then the womanly pluck spoke out.

"Very well," said she, "I honor this flag more than you. But it was put there to tantalize me. You may go to my house and put it up; there's a good place for it, but the church is no place for it. You can't put it there."

Somebody said "Hang her! hang her"—with a laugh; meanwhile one man seized her by the arm.

"You'd better go and get some more rum first," said she.

Here a gentleman who recognized the woman, came up. He said to the crowd, "Let her alone; she is an honest woman—a Union woman. She means no harm. Remember she is a woman."

Then again the woman spoke for herself: "My money helped to pay for this church. I am on my own ground. I will stay here."

Again somebody said with a laugh, "hang her." "Go and get more rum," said she.

The woman proved to be Mrs Nelson, formerly Mrs. Dupree. She says that she supposed the flag covered the effigy—that in pulling it down, she would pull the effigy down too. She didn't stop to look up; all she was after was to pull down whatever didn't belong there. She felt inspired to undo any work of the crowd that was insulting to Dr. Scott. She knew him in New Orleans—she knew that he was a good man—she did'nt mean to see him insulted.

The woman having ceased hostilities, some men went into the basement archway, took the flag and lashed it again to the lamp-post.

A Mr. Noyes, who had bought the flag, a short time afterwards commenced to fix its lashings; but the crowd mistaking his intentions, beat him badly. In entering the church at 11 o'clock, to deliver his sermon, the Doctor was groaned. The sermon was entirely free from secessionism. On leaving the edifice at the conclusion of the services, the *Bulletin* says:

Dr. Scott passed the time of day with his friends in the hall, and was proceeding down the west steps, as usual, when Mrs. Selby invited him to take a seat in her carriage and ride home. Assenting, she took his arm. They walked down the east steps, Dr. Burke and his men happening to be before and behind them. The carriage stood near the gate, and on its seat with the driver sat Mr. Gazlay. The minute Dr. Scott touched the sidewalk the whole crowd pushed up to meet him. In the jam it was impossible to recognize faces, so sudden was the movement. The next moment Mrs. Selby, Dr. Scott and officer Blitz were inside the carriage. The driver, apparently scared half out of his wits, held his pawing horses firm, and there was no start made. A dozen men held the horses by the bits, and the pressure were getting prodigious. On the Montgomery end of the mass there was a little cry of "hang him!" "string him up!" and there were some hisses; but for most part the assemblage was still, only desperately anxious to see what was going on. Officers Douglas and Lees had leaped to the box with the driver, crowding Gazlay off. But still the horses didn't start. Dr. Burke, seeing the insides all right, slapped the carriage door to and bounded also into the box. "Put on the whip," said he; but the driver sat like a statue. Seeing that one big red-shirted fellow still held the horses by their bridles, and the horses darted off down the street, amid the cheers of the people. The Doctor had no more trouble that day. He was carried straight home, and did not again come out. Nor was there any great crowd around his residence in the evening.

The Doctor's son, aged 17 years, did not fare so well. In passing out a ruffian called him "a son of a —," and he knocked the fellow down. Young Scott was arrested by an officer, and John Middleton, Jr., struck the officer, and was also taken into custody. Young Scott drew a pistol but it was taken from him. There was no service at the church in the evening, and the next day Dr. Scott resigned as pastor of the church. The papers generally comdemn the riot.

The steamer Sierra Nevada arrived down on the evening of the 22d.

P. H. Downey, brother of Gov. Downey, died at half-past one o'clock on the 23d ult., at the Metropolitan Hotel.

Judge McHenry, a well-known San Francisco character, has been arrested on a charge of inducing U. S. soldiers to desert.

David Jones, the pioneer hotel keeper of California, died on the 21st, at his residence on Stockton street, near Greenwich, of apoplexy. He was a very portly man, and he leaves a family in the Eastern States.

P. G. Pratt, a teacher at the Oakland College, is missing.

A Mr. Finerty gave the notorious Frederick Marriott, formerly of Victoria, a tremendous whipping in San Francisco, on the 21st, for the expression of treasonable sentiments.

THE BRITISH COLONIST

Saturday Morning, Oct. 5, 1861.

Victoria Autumn Meeting.

The continuation of the Races yesterday was conducted with that good order and sobriety characteristic of our people. About 800 persons were on the Hill, and in the "Naval" and "Scramble" races much interest was evinced.

BEACON HILL SWEEPSTAKES.

For this race Volunteer, Gray Arrow, and Silvertail were entered, but owing to the very serious charges made against Mr. Roberts, the owner of the latter (of having purposely lost the "Handicap" on Thursday) the two former horses were "scratched" on the cards of the day, which signified they would not run. Silvertail was accordingly brought on the course at 1:30 o'clock, and ran around in two straight heats; half forfeit was then claimed from each of the other horses, but was not paid.

STEWARD'S PLATE.

$50 added to a handicap of $15 each, half forfeit, and only $250 if declared; mile heats, best three in five. Mr. Ring's Fanny was "scratched" in this race and did not run. Mr. Buckley's Reuben and Mr. Parker's Moustache started at 2:30 o'clock. From the first it was plain to be seen that Moustache had it all his own way, and but little interest was manifested in the race. No bets of consequence were made.

Mr. Parker's b h Moustache, ... 1
Mr. Buckley's c h Reuben, ... dis.
Time—2:22.

NAVAL STAKES.

$10 each, with $100 or upwards added; mile and a half. To be ridden by Naval officers and members of the club; weight, 11st. Horses entered for the Victoria Handicap disqualified. Much interest was excited in this race, for which seven animals were at first entered. Three of the number had been withdrawn during the morning, and the horses brought to the stand at 2:30 o'clock, were Jim, Thunderer, Sodawater and Selleck. Thunderer seemed the favorite, and bets against the field, with odds, were made in his favor. A fair start was had, with Jim slightly in advance. On reaching the judge's stand, Jim had the lead, pressed closely by Thunderer, with Sodawater and Selleck well behind. In coming in at the close, Jim was ten lengths ahead of Thunderer, and Selleck and Sodawater were distanced. The rider of Jim was thrown after passing the judge's stand, while holding back, by the breaking of the stirrup-leather; but the race was decided in Jim's favor.

Capt. Stuart's g. h. Thunderer, ... 2
Mr. Phillips' d. h. Sodawater ..... dis
Mr. Dupree's c. h. Selleck ..... dis.
Time—3:20.

SCRAMBLE RACE.

This race was for all horses not winners of former races; distance half a mile—11 horses started.

First Heat.—The horses had a fair start; but Mr. Francis' c. m. Fanny, soon took the lead, and kept it throughout; winning the heat by about two lengths.

Second Heat.—The horses had another fine start, but as before the same mare soon took the lead, she was closely followed by Mr. Blumps' Makai, but won this heat by about a length, Makai and Sodawater close behind.

Third Heat.—In this heat the start was poor. Mr. Blumps' horse Makai took the lead by half a length but did not keep it, for Fanny soon passed him and won by three lengths. Fanny was then declared the winner in three straight heats.

In each race the same want of punctuality was observable in starting the horses as was seen on the first day. With this exception, every thing passed off satisfactorily to every body. Two fine races will come off to-day at 2 o'clock, which will complete the sport for the season.

ACCIDENT.—Mr. Lascelles, of H. M. S. Topaze, while riding "Jim" for the "Naval Stakes" yesterday, was thrown from his horse by the breaking of his stirrup-leather, and received some slight bruises. The horse had passed the winning-stand at the time, and it was while holding him back that the accident occurred.

ARRIVAL OF THE CALEDONIA.—The steamer Caledonia, with 25 passengers and $30,000 in gold dust, arrived last evening. She brings most encouraging news from the mines. Some half passengers were from Cariboo. They repeat the oft-told tale of the richness of that section. A fine specimen weighing six ounces, came down.

JOCKEY CLUB.—A meeting of this club was held last evening at the Star and Garter, where some evidence was taken in the matter of the protest against the "Handicap" of the day previous. The further consideration of the case was postponed till Tuesday evening next.

VOTING FIREMEN.—The number of firemen entitled to vote to-day is 117, divided follows: Union Hook & Ladder Co., 45; Deluge Engine Co., 36; Tiger Engine Co., 36. Owing to the absence from the city of many of the firemen, only about 100 votes will be polled.

THE NAVAL PLATE.—We understand that the rider of "Thunderer," has appealed against the decision of the stewards in the case of "Jim," and that he will bring it before the Jockey Club at its next meeting.

FIREMEN'S ELECTION.—The firemen's election for Chief and Assistant Engineers will be held to-day. The poll will remain open at the Deluge Engine Company's House, from 10 o'clock, A. M., to 3 o'clock, P. M. The Board of Delegates will meet this evening at 7 o'clock, to count the ballots and issue certificates of election to the successful candidates. The utmost good feeling exists on all sides, and no matter who is elected the result will be highly satisfactory, as the candidates are all worthy and respectable citizens,

THE "ENTERPRISE."—The steamer Enterprise arrived yesterday morning at 6 o'clock from the Sound. She brings a few days later news, which will be found on our first page. A battle was expected at Washington within 48 hours—the old cry. The steamer left again for the Sound at eleven o'clock, with a few passengers. She brought no freight of consequence to this place.

WHAT'S UP?—The last number of the Overland *Press* says:

Mind That.—The Overland *Press* has no connection whatever with a paper called the "*Press*" published in Victoria.

SAFE.—The Port Townsend *Northwest* says the schooner Eclipse, fears for whose safety was expressed by us a day or two since, is at the Utsalady Mills, loading with lumber for a foreign market.

☞Three of the drunks were fined yesterday in the Police Court.

☞Forty-six persons were in jail yesterday.

AUCTION.—A quantity of damaged goods ex True Briton, will be sold on the Hudson Bay Co.'s Wharf, by Mr. McCrea, this morning at 11 o'clock.

THE FIRST IN.—Reinhart & Bro. are the first to occupy one of the new fire-proof stores on Wharf street, they having removed their stock thither yesterday.

☞A report last evening that the mail steamer had arrived at Esquimalt, proved to be untrue.

Reply to an Occasional Worshipper at St John's.

VICTORIA, Oct. 4, 1861.

EDITOR BRITISH COLONIST.—A letter in your issue of yesterday from an "Occasional Worshipper at St. John's," seems to demand some notice. My rule is not to be drawn into newspaper discussions with anonymous writers, but one reason for departing from it now is, that your correspondent's criticisms and imputations of "artful dodging," "humbug," "shuffling," "contemptible dealing," &c., are directed against the Churchwardens, (one of of whom is absent from the Colony,) rather than against the person who ought to be held mainly responsible. So far as regards any instructions given about letting of seats, and any arrangements based upon these instructions, the Incumbent alone is answerable. Not the Churchwardens, if they carried out my directions. Still less the Bishop, whose name is most unnecessarily dragged in, though he had as much to do with the letting of seats as the Archbishop of Moscow.

If a reply to his letter will gratify your correspondent, I will afford him that gratification, merely premising that I am responsible for any arrangements of seats at St. John's, supposing that my instructions were observed, and secondly, that as this is my first, so it will be my last letter in answer to anonymous charges against either the Churchwardens or myself. For anonymous critics, who put fort hstrong charges, I entertain the same respect I do for a boy who throws a big stone at me from behind the corner of the wall and then runs away. With respect to the letting of seats in St. John's previous to the consecration or opening, there was no "ticketing" by the Churchwardens whatsoever either in the first division of the Church, whatever that may be, or in any other division. The seats were free to all alike on that day. Due notice was given of the letting of seats, and before that was done, instructions were given by me to the Churchwardens to the following effect:—that in the allotment of seats they should provide, 1st. For the chief benefactors and promoters of the work. 2nd. For the members of Committee on whom had fallen so much of the labor and anxiety in the erection of the Church and procuring of funds. 3d. For the public according to priority of application.

A notice to this effect was placed on the noticeboard which all might see. To the last clause your correspondent would offer no objection. The first and second may perhaps offend him. In respect to the first, I can only say it is frequently done in England, and accords with my own feelings; in respect to the second it seemed a not unfair recoguition of the services of the Commitee in aiding the erection of the building. If the Churchwardens simply carried out these instructions, they did their duty, and I am answerable for it. If your correspondent disapproves of the instructions it is of course open to him to say so. They were applicable only to the *first* letting of seats at St. John's. Had it been necessary to give any directions this year, they would have been comprised in the third clause above mentioned: "allot to the public according to priority of application." Seats having been assigned last year to such persons as I have described being applicants, others were accommodated according to the order in which they applied. For several days no colored persons applied at all, by which time more seats had been filled up, which an earlier application would have secured to them. The only persons who quarrelled with the directions above stated, and refused to take seats in consequence, were whites, and of course they had a perfect right to do so if they pleased.

Your correspondent brings heavy charges against the Churchwardens and pointedly states that "some of them" have been privately remonstrated with respecting their conduct, but in vain. There are but two, and one of them has been absent for several months. Until I have an opportunity of asking him, I must decline to give any credence to imputations, anonymously made, of "artfulness," "trickery," "contemptible dealing" and such like. The sentiments and opinions of the other are so well known on this question that it is quite superfluous for me to defend him from such charges. I have, however, asked him the question, and have his denial that such has ever been the case, or that he has ever been remonstrated with and that he refused to listen. Apart from any proof to the contrary, this satisfies me, and will, I hope satisfy others. If your correspondent can prove his charge let, him do so, only it would have been more consistent with fairness to have done so privately to me, and those he accuses, before rushing into print.

I would, however, say this: that while I regret your correspondent should use hard expressions, and put forward unfounded accusations, I am not sorry he has chosen to write. For certainly if there be any doubts in his or any one else's mind, whether the views enunciated are not repudiated at St. John's by another, then the sooner they are disabused of such mistaken notions the better. I am entirely of your correspondent's mind, that there should be no misunderstanding on this point, and that it should be known in all cases whether color places a man under a ban in the House God. I rejoice to be assured by him that the sentiments of Bishop DeMers and of Dr. Evans are in this matter in harmony with those of the Church of England. But before your correspoints out a glaring violation of the principles in the "shuffling," "artful," "contemptible" conduct of the churchwardens of St. John's, and involves in these sweeping charges the honored name of our Bishop, (for which his clients will hardly thank him,) leaving out, however, the equally culpable and disgraceful conduct of the Rector, and before he makes these charges in an anonymous letter, I have a right to claim that he should press these charges privately to myself or those accused in order that their correctness may be tested and proved.

Further still, I am not sorry that he should have given me an opportunity of drawing attention to the fact that all questions respecting the so-called "forwardness" and "presumption" of the colored people as a class have been completely disproved in the case of St. John's. Before the consecration I was assured that unless the "wall of partition" was raised up, they would flock in numbers to buy up seats merely for the purpose of triumphing over others and vindicating their rights. I wish they would crowd in; I wish all would crowd in, and occupy seats for a different purpose and in a different spirit from that so *charitably* imputed to them. Meanwhile, that they have not done so, that those who are seatholders were late in coming forward, only shows how untruely motives and designs are imputed to a large class of our most examplary fellow-citizens.

Into the social questions your correspondent raises, as distinguished from the religious question, I have no time or inclination to enter. I have no "sewing circle" to which I can invite any. I am unable, as I could wish, to reciprocate the many "hospitalities" and kindnesses I receive in this hospitable place, nor is it my intention so far as I know to take to myself any "bosom companion," either "white" or "black." Each man's social position in this world is, I believe, a problem to be worked out mainly by himself. Some men will endeavor to win the applause of their fellows and raise themselves in the social scale by industry, sobriety, and enterprise, by doing their duty in whatever state of life they are placed by God. Others, again, will court popularity by ruffianly abuse and maltreatment of these last. Each class pursues that line of conduct which he deems best adapted for the end he has in view. Time will show which is the most successful in the long run.

CAUTION AGAINST COUNTERFEITS.

The high repute and extensive sale of Messrs. Perry's Medicines having induced many unprincipled individuals to foist upon the public illicit and spurious compositions of their own preparation, Messrs. Perry beg to inform persons purchasing their medicines, that none are genuine unless the underneath signature of Perry & Co. is affixed on the outside of each wrapper of the CORDIAL BALM OF SYRIACUM and DETERSIVE ESSENCE, and their name, address, and also that of the medicine, is blown on the bottle, to imitate which is felony; and, in addition, all Messrs. Perry's medicines sold in Australia, India, China, and all other parts of the world, will be protected by a patent capsule affixed to each bottle, bearing their name and address in full; and every packet and bottle must be accompanied by a copy of the pamphlet, entitled "Extracts from the 'Silent Friend,'" which is included in the price charged for the medicine.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

PERRY'S CORDIAL BALM OF SYRIACUM.—Established nearly a century, and known throughout the world as "THE GREATEST REGENERATOR;" a never-failing remedy for the loss of manly power, restores the impaired powers of life when exhausted by the follies of youth, maturity, or old age. It is a certain cure in all cases of extreme nervous debility produced by early imprudence, and various other causes, spermatorrhœa, exhaustion, incapacity for society, study, or business, indigestion, shortness of breath, dimness of sight, giddiness, choler, bowel and bilious liver complaints, constipation and relaxation, dysentery, asthma, jaundice, fever, lumbago, gout, rheumatism, coughs, colds, sore weak, and ulcerated throats, nervousness, hysteria, pains in the limbs, interrupted circulation, tic doloreaux, restlessness at night, all chronic diseases, and all female complaints. This invaluable medicine is the most wonderful triumph of art over nature, and is adapted for both sexes. It has the effect of restoring and increasing the natural vigor of those who are suffering from prostration and languor produced by sojourning in the colonies or in hot climates. Thousands have been restored to health and vigour by it use, as sworn to on oath before the Right Hon. Lord Mayor of London, and the following Aldermen—Sir Peter Laurie, Kt., Sir James Duke, Bart., M. P., Sir John Musgrove, Bart., Sir George Carroll, Kt., Sir Robert Walter Carden, Kt., David William Wire, Esq., William Cubitt, Esq., M. P., Sir Henry Muggeridge, Kt., and others.

Price 11s. per bottle, or four quantities in one for 33s., which saves 11s.; and in £5 bottles, effecting a saving of £112s.

Perry's Concentrated Detersive Essence, a remedy for any of the forms of Secondary Symptoms, and for purifying the system from contaminations. It is recommended for all those diseases for which mercury, &c., are not only employed in vain, but too often to the utter ruin of health. Its action is purely detersive, and its beneficial influence on the system is undeniable. Price 11s. and 33s. per bottle, also a saving of 11s.

Perry's Patent Concentrated Essence of Copaiba & Cubeb Sugar-Coated Globules composed of rare and valuable gums, and also extract of copaiba and cubebs, for the cure of obstinate gleet, gonorrhœa, and all urethral affections, sedimentary and high-colored secretions, dorsal pains and renal irritations in either sex, causing immediate relief by subduing inflammatory action, perfectly tasteless, still retaining at the same time all the curative powers of these valuable preparations.

In all cases of Gonorrhœa, Gleet, Stricture, &c., a single trial will prove the efficacy of this unequalled remedy; as it at once acts upon the kidneys, bladder, and the urino-genital organs, restoring them to their healthy state. Price 11s. and 33s. per box.

Health Depends Upon Pure Blood.

PERRY'S PURIFYING SPECIFIC PILLS,

an infallible cure for all diseases of the skin, such as scurvy, scrofula, ulcers, boils, blotches, pimples on the face and body, &c. Price 11s. and 33s per box.

Also to be had from all Agents in all parts of the world,

Extracts from the Silent Friend,

DRUGS & MEDICINES.

THE WORLD'S FRIEND!

Holloway's Ointment.

A Cure for Piles and Fistulas.

Inflammation of sensitive parts, piles, fistulas, and such like painful diseases may be presently relieved, and ultimately cured, by the proper and diligent use of this cooling and healing Ointment, whose action should, in such cases, be assisted by judicious doses of Pills: ere many days have elapsed the anxious patient will experience a wonderful degree of ease from this treatment. They are equally suitable to both sexes, and all ages.

Coughs, Colds, and Asthma.

These complaints of the chest come on with alarming frequency. The Ointment should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms will gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient in chest complaints, none can be used with equal safety and certainty. Both Pills and Ointment are accompanied by very clear and simple directions for using them.

A Man who refused to have his Leg off.

"*From the Kilrush Advertiser, June 2nd*, 1860."

BENJAMIN COX, Esquire, Magistrate, said in the Board Room at Kilrush, that he knew a man who had been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he purchased at Ennis, Holloway's Pills and Ointment; for, as he said, it could not be worse with him. This man, said Mr. Cox, became by their use as sound and as healthy as any man in the room. These celebrated Pills and Ointment will cure any wound, sore, or ulcer, however long standing, if properly used according to the printed directions.

Gout and Rheumatism.

The essence of these diseases lie in the blood, which has, floating through each vessel, the pain-giving poison, which irritates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is rapidly purified by the use of the Pills. The Ointment, when rubbed upon the skin, penetrates the system through the pores, acts in unison with the Pills, and soon effects a cure.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsies, whether windy or watery, arise from some obstruction to the free circulation though the blood vessels or lymphatics, or depend on the inflamed state of some secreting surface. Holloway's remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy however inveterate, can long resist. They regulate the proper flow of blood to every organ, and purify it likewise,—they filter out everything that is morbid or injurious,—they thoroughly regenerate every function, yet potent as they are for good, they are powerless for evil. They do not contain mercury or any noxious substances. They act safely and certainly.

Bad Legs, Bad Breasts, and Old Ulcers.

This invaluable Ointment was never known to fail in the cure of any wound, any sore, or any ulcer,—as can be proved by innumerable testimonials from persons who had been discharged from Hospitals as incurable, and yet by perseverance they have been made as sound as they were the day they were born, by this incomparable Ointment. For pimples, blotches, scald heads, and scorbutic humours, it is equally efficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-diseases
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
	Contracted and Stiff Joints	Piles	Ulcers
		Rheumatism	Wounds
Coco-bay Scalds	Elephantiasis		Yaws
			Sore Nipples
